HPS Reports Enhanced

## Authorized Use

You may only Use the Software according to the terms of the ALA, in addition to licensing terms in your agreement with HPE and its subsidiaries or in the absence of such separate agreement, HPE’s standard End User License Agreement in effect at the time of delivery (the “Agreement”).

The Software is a proprietary tool developed by HPE for purpose of delivering support services from HPE and its Authorized Service Providers. You may Use it only:

- If you are an end-user customer, for your internal business purposes as a self-maintainer; or
- If you are a support customer of HPE or its Authorized Service Provider, for the purpose of receiving such support services; or
- If you are an HPE Authorized Service Provider, you may Use it for the benefit of end-user customers according to the terms of this ALA and such agreement.

## Additional license terms

|    |  |
|----|--|
| A. | You shall not access any embedded Database or any other third-party product embedded in the software with applications other than the HPE-branded software.  |
| B. | You must reproduce all copyright notices that appear in or on the Software (including documentation) on all permitted copies or adaptations. Copies of documentation are limited to internal use.  |
| C. | You accept Software upon delivery.   |
| D. | Third-party Suppliers are intended beneficiaries under this ALA and independently may protect their rights in the software in the event of any infringement. All rights not expressly granted to you are reserved solely to HPE or its suppliers.  |
| E. | To the extent this restriction is not prohibited under applicable law, and except as specifically authorized under in writing by HPE, you shall not disclose to any third party the results of (i) any performance benchmarks you run on the Software, or any portion thereof, or (ii) specific detailed comparisons you make between Software, or any portion thereof, and any product owned by you or a third-party product. |
| F. | The Software is confidential and proprietary information of HPE (“Confidential Information”). You will hold in confidence and not use or disclose any Confidential Information, except as expressly permitted in the Agreement.  |

## Software product-specific license terms

### Activation Key Agreement (AKA)

Customers with a valid Activation Key Agreement (AKA) contract in place with HPE are issued specific master installation keys that activate a specified quantity of licenses of the Software over a specified term. Use of the Activation Keys requires the customer to submit a purchase order to HPE, or to an HPE authorized reseller, referencing the applicable AKA tracking part number for the quantity of licenses activated with the Insight Software Activation Keys prior to, or upon activation of the license. Licenses to the Software are not transferrable from one device to another.

## Definitions

Capitalized terms not otherwise defined in this Additional License Authorizations document are defined in the governing Agreement.

| <b>Term</b>                              | <b>Definition</b>  |
|--|--|
| <i>Database</i>                          | means a container which stores application data including table structure, stored procedures, and other functionality that runs on a Database Instance.  |
| <i>Device</i>                            | means an addressable entity, physical or virtual, including but not limited to router, switch, bridge, hub, Server, PC, laptops, handheld Device or printer that resides within the range defined for interrogation and asset tracking.  |
| <i>Use</i>                               | means to install, store, load, execute and display one copy of the Software.   |
| <i>Third-Party Supplier</i>              | means an external entity that is contractually engaged by HPE to provide services to you, such as consulting or outsourcing services, which require access or use of the software by such entity.  |
| <i>Authorized Service Provider (ASP)</i> | means an external entity that has been certified by HPE to provide service on HPE products under warranty, in accordance with HPE's warranty terms and conditions. In order to become an ASP, the entity must have executed an agreement with HPE to act as an ASP and completed a certification test administered by HPE for the relevant HPE products. |

© Copyright 2015 Hewlett Packard Enterprise Development Company, L.P. The information contained herein is subject to change without notice. The only warranties for HPE products and services are set forth in the express warranty statements accompanying such products and services or in your mutually executed license and/or consulting services agreement(s) with HPE. Nothing herein should be construed as constituting an additional warranty. HPE shall not be liable for technical or editorial errors or omissions contained herein.
